Redesigned for comfort

View all
adjustments

1. More piqué (stretch) for extra comfort

Before:

- Piqué was only partially used in the sleeve

Now:

- Entire sleeve made from piqué
- More stretch
- Less tension on the shoulders
- More freedom of movement during the workday

2.

Improved fit

Before:

- Existing fit
- Less piqué (less stretch)

Now:

- Optimized cut
- Sharper, more professional appearance
- Entire back made from piqué for added comfort
- More freedom of movement at the shoulders

3. Long sleeve finish updated

Before:

- Classic cuff
- May not be ideal for everyone

Now:

- Cuff removed
- Clean stitched sleeve finish
- More modern appearance
- Suitable for everyone

3.

Updated front design

Before:

- Different front design with panels of twill and piqué

Now:

- Front design without panels
- More room in the chest area

3.

Updated back design

Before:

- Twill panel on the back

Nu:

- Entire back panel made from piqué
